The Boiling Pot Restaurant, Austin, Texas

Blue Parrot Inn, Key West, Florida

:here we come.

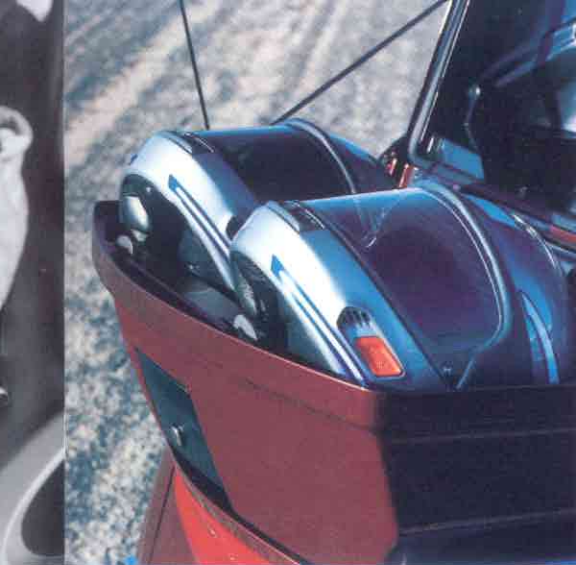

They say getting there

is only half the fun.

Well, they must be

riding the wrong bike.

PERFORMANCE

A luxury tourer that can keep up with the sport bike crowd. The 100 hp four-valve per cylinder powerplant offers 85 lbs./ft. of torque. When cruising at 60 mph, the engine is running at just 3,000 RPM. ABS II anti-lock braking system and five-speed overdrive transmission (plus reverse) means the left lane is yours.

COMFORT

From its fingertip controls to the sculpted windshield large enough to protect rider and passenger to the optional heated seats, the K 1200 LT sets a new standard in comfort. In addition to standard cruise control, there are dual power outlets, adjustable seats and rotating wind deflectors. And much more.

HANDLING

The BMW K 1200 LT handles like no other luxury tourer because of its BMW Telelever anti-dive front and patented BMW Paralever rear suspension. Unlike conventional forks that can flex under loads, BMW separates steering from the suspension for greater rider precision and control. Not to mention fun.

STORAGE

Aerodynamically designed integrated luggage cases contain more than 4.2 cubic feet of storage space. The topcase is large enough to hold two large, full-face helmets with room to spare.

OPTIONS AND ACCESSORIES

Options include a chrome package, deeply padded SoftTouch heated seats (with separate controls for rider and passenger) and on-board computer. Accessories include a topcase cooler, security alarm system (including CB radio, intercom and cellular phone) and tank bag. And yes, cupholders.

Electrically adjustable windshield

Four speaker 120 watt stereo
with optional CD changer

ABS II anti-lock
braking system

Topcase holds two full-face helmets

Optional heated seats and heated passenger backrest

Multiple fingertip controls including cruise control

Adjustable rider and passenger seats

Over 4.2 cubic feet total storage capacity

100 hp 1,171 cc powerplant

- basalt gray
- champagne
- canyon red

Five-speed overdrive with reverse and cruise control

1999 BMW K 1200 LT Specifications.

Engine

Type	Liquid cooled, four stroke in-line 4-cylinder
Bore x stroke	70.5 x 75 mm
Displacement	1,171 cc
Horsepower	100 Bhp @ 6,750 RPM
Torque	85 lb.-ft. @ 4,750 RPM
Compression ratio	10.8:1
Valve gear	DOHC, chain-driven with bucket type tappets
Valves	26.5 mm intake/23 mm exhaust
Valves per cylinder	Four
Camsshaft	Overhead
Engine oil capacity	3.96 quarts of API class SF, SG or SH; CD or CE
Engine oil filter	Spin-on micronic filter cartridge
Carburetion	Electronic fuel injection (MA 2.4)
Ignition	Controlled by Bosch Motronic automatic choke control
Fuel demand	Unleaded, premium fuel
Fuel tank	Polyamide tank with enclosed fuel pump and filter
Fuel capacity	6.18 US gallons including approximately 1 gal. reserve
Charging system	14 V, 60 Amp Alternator (840 W)
Battery	12 V
Cooling system	Water cooled

Drivetrain

Primary drive	Helical cut gears with tensioner
Clutch	180 mm, single dry plate with hydraulic actuation
Gear ratio	1st gear 2.05:1 4th gear 0.96:1 2nd gear 1.60:1 5th gear 0.70:1 3rd gear 1.27:1 Rev. Aid 115.7:1
Drive system	Enclosed driveshaft with two universal joints and integral torsional damper
Final drive	Spiral bevel gears, 2.75:1 ratio

Frame and Suspension

Frame	Cast aluminum
Front suspension	Telelever, with leading link pivoted centrally on main frame. Gas filled spring/damper strut
Travel/Dimensions	4.00 inches/35 mm fixed tube diameter
Rear suspension	Patented BMW Paralever swingarm & driveshaft, single tube gas-filled shock, variable rebound dampening
Travel/Dimensions	5.12 inches, progressive spring, 7 positions

Brakes

Brake system	BMW/FAG anti-lock brake system ABS II
Front brakes	Two 4-piston fixed calipers, wear compensation
Front rotors	Dual 12-inch floating rotor
Actuation method	Hydraulic, DOT 4 fluid type
Rear brake	Hydraulic 4-piston fixed caliper
Rear rotor	Single 11.2 inch diameter fixed rotor
Actuation method	Hydraulic, DOT 4 fluid type

Wheels and Tires

Front wheel	3.50 x 17 MT-H2, cast light alloy
Rear wheel	5.00 x 17 MT-H2, cast light alloy
Front tire	120/70 - ZR 17 tubeless
Rear tire	160/70 - ZR 17 tubeless

Dimensions

Overall length	98.7 inches (2508 mm)
Overall width	42.5 inches (1080 mm) (over mirrors)
Wheelbase	64.3 inches (1633 mm) (unladen)
Ground clearance	4.5 inches (115 mm) (unladen)
Seat height	30.3 / 31.5 (770/800 mm)
Handlebar width	32.5 inches (826 mm) (without weights)
Steering angle	63.2 degrees (unladen)
Front wheel trail	4.9 inches (124 mm) (with rider)
Weight (wet)	834 lbs.
Maximum load	1322 lbs., gross vehicle weight rating
Wheel load limits	Front = 449 lbs. Rear = 886 lbs.

Available Colors

Champagne Metallic	Basalt Grey Metallic
	Canyon Red Metallic

Options and Pricing

K 1200 LT-S (Standard) \$16,900 MSRP*

Handlebar controls for cruise control, electrically adjustable windshield, four speaker 120 watt AM/FM weatherband stereo and cassette player; single key lock system for ignition, steering, fuel cap, seat storage compartment locks and saddlebags; ABS II anti-lock braking system; front and back accessory sockets.

K 1200 LT-I (Icon) \$17,900 MSRP*

All of the above plus heated grips, six-changer CD player, on-board computer with handlebar controls.

K 1200 LT-C (Custom) \$18,900 MSRP*

All of the above plus chrome package and SoftTouch heated seats with separate controls for driver and passenger.

BMW redefines luxury touring.
